Cleaning Tool

ZIPPER™

Dual-Draw Carpet Cleaning Tool

Carpet Care Pro Mfg, Inc. spared no expense in manufacturing the Zipper™. Every part is made with top quality materials and precision machining.

The Zipper™ is made out of 6061 series aluminum. The Zipper™ has dual vacuum ports. The solution valve is billet machined. Billet machined means that it is made from one solid block of aluminum with no welds and is much stronger than casting. The valve and all of the solution components are capable of withstanding 250° and 1500 PSI.

The Manifold consist of 6-110° Jets, which are precisely placed for a very smooth jet stream. You can choose either a 1.5 gallon per minute or 2 gallon per minute Tee Jets. The handle and all of the brackets are made out of stainless steel. Also, all of the nuts and bolts are stainless steel.

The handle is electro-polished, which gives it a chrome-like appearance. But, it will not chip or flake like chrome. All of the aluminum parts are hard anodized and double sealed for a wear and corrosion resistant surface.

The wheel brackets are adjustable to allow for even wear of the PTFE Teflon glides. It is very essential that you keep the Zipper™ adjusted, so that both heads and wheels are on the ground at the same time. Adjustment must be done on a flat even hard surface. Check and adjust if necessary once a week, depending on use. The glides are round to allow you to rotate them 180°, which allows you to get twice the life out of them.

The glide retainers are positioned to allow you to clean 1/16" from the wall. They are made from white UHMW composite that will not leave marks on baseboards. There's a Lexan cover in the front of the vacuum head to allow your customer to view what is coming out of their carpet.

Our unfixed handle design greatly reduces back strain and fatigue. Cleaning or drying a carpet, each stroke is like going over the carpet twice with a scrub wand. All of the steam that the operator normally wears is contained underneath the head.

The Zipper™ is engineered to last a life time.

Introductory Price: \$2795.00

To order call 1-866-Zipper-it (947-7374) or visit our site.

We except checks, money order, visa, or master card. Also, we can refer you to a leasing company if you don't already have one in mind.

Best Regards, Erik Hiltz - President
